

Negotiating Committee for Certificated Personnel

The President of the Board shall appoint a committee to negotiate with certificated personnel. The President shall consider the input of the chief spokesman in making such appointments. The committee, while it has the duty and responsibility to negotiate with the certificated school employees of the Lafayette School Corporation, does not have the authority to act unilaterally on behalf of the board. The committee function is to evaluate and to recommend to the board the items under negotiation or discussion. The board, in its entirety, reserves the right to accept, reject, modify, and otherwise change the recommendations of this committee, and has the final authority over this committee by majority vote.

Board Adopted: July 14, 1980
Revised: June 9, 2003, August 9, 2010
